

The Safeguarding & Protection of Young People in Our Care Policy

(R.E.A.L. Independent Schools)

Named Designated Safeguarding Officer:

Nikki Purcell - Tel: 07584 705829 Email: nicky.purcell@real-education.org

Named Deputy Designated Safeguarding Officers:

Alison Wellings - Tel: 07584 705804 Email: alison.wellings@real-education.org

Jan Mee - Tel: 07785 627845 Email: jan.mee@real-education.org

Michelle Farr - Tel: 07584 705806 Email: michelle.farr@real-education.org

Safeguarding Governor

Tricia Clayton - Tel: Phone Norma on 01623 490136 Email: tricia.clayton@real-education.org

Amended on: 03.08.18

Review Date: 03.08.19

Principles

Safeguarding is defined by the Children's Act 1989 and Joint Chief Inspectors Report on Arrangements to Safeguard Children (2002) as meaning that:

- Agencies [and organisations] working with children and young people take all reasonable measures to ensure that the risks of harm to the individual's welfare are minimised.
- Where there are concerns about children and young people's welfare, all agencies [and organisations] take all appropriate actions to address those concerns, working to agreed local policies and procedures, working in partnership with other local agencies.

The basic principles on which this policy stands include:

1. The welfare of the young person is paramount.
2. R.E.A.L. Independent School will work together with other relevant agencies.
3. R.E.A.L. Independent School will be open with parents as long as this does not put the young person at risk.
4. Confidentiality is important in all cases, but not at the expense of the welfare of the young person.
5. R.E.A.L. Independent School accepts the duty of care to all young people with which it works and will ensure that the activities it runs and the environment it works in are safe.
6. R.E.A.L. Independent School recognise the existence of unidentified abused children and that some of these may present in activities organised by R.E.A.L.
7. Each staff member, volunteer or staff contracted from outside agencies is responsible for ensuring that the policy is translated into action through his or her daily practice.

R.E.A.L. Independent School and its partners will ensure that all staff and volunteers interacting with young people are aware of their responsibilities for safeguarding the welfare of the young people. This will be done through providing training and support in helping them understand the needs of the young people with whom we work, as well as ensuring they understand their individual and organisational responsibilities when working with young people.

R.E.A.L. Independent School will facilitate regular updating of training for all staff engaged in delivering its services. It is the responsibility of all members of staff to ensure that their working knowledge is updated at this training. The starting point for this training will be within the induction programme for all new staff engaged in the activities of R.E.A.L.

Commitment to Procedures

R.E.A.L. Independent School is committed to the principles which have been outlined and will implement them through the guidelines laid out in this policy. Each staff member is responsible for ensuring that the policy is translated into action through his or her daily practice.

Legal Basis of R.E.A.L. Independent School's Role

The role of R.E.A.L. Independent School is not to investigate these matters. As issues arise, R.E.A.L.'s role will be to record events. All concerns should be referred immediately back to the R.E.A.L. Independent School's Designated Safeguarding Officers. From there, information will be passed on to either the Children's Social Care, or the Police. If contact cannot be made advice will be sought from the Strategic Safeguarding Coordinator.

The Role of the Executive Leadership Team (ELT) and the link to R.E.A.L. Independent School

It is the role of the Executive Leadership Team to disseminate of information and 'lessons learnt' from either company practice, local serious case reviews (through the local Children's Safeguarding Board), or national legislation and guidance. The Executive Leadership Team will have an overview of all safeguarding incidents within R.E.A.L. to enable staff training to be targeted and meaningful.

The Role of the Designated Safeguarding Officer and the Deputy Designated Safeguarding Officer

It is the role of the designated safeguarding officer (DSO) and/or the deputy DSO to follow up all potential safeguarding issues and to make referrals to other agencies when appropriate. During term time a designated safeguarding officer and / or a deputy are always be available (during teaching hours) for staff to discuss any safeguarding concerns. At least one member of the DSO team will be available to contact during any school led out of hours or out of term activities.

All deputy DSO's will be trained to the same standards as the DSO and complete refresher training at least every 2 years. They will also take part in internal safeguarding forum meetings and local authority organised events in order to keep up-to-date with issues and serious case reviews.

Role of the Safeguarding governor

The Safeguarding governor supports the work of the safeguarding lead and reports back to the governing body how effective safeguarding is in school. The Safeguarding governor monitors the school safeguarding procedures on a termly basis and supports completion of any local authority safeguarding audits received.

Safer Recruitment

R.E.A.L. Independent School ensures safe recruitment by undertaking the following procedures;

- All those involved in recruitment have completed safer recruitment training.
- Qualification checks.
- Enhanced DBS checks.
- National Insurance and photo ID information.
- Reference checks.
- For qualified teachers only, teachers will be subject to a prohibition check of the teacher reference number.

- Debarred by association.
- All governors, members of the school leadership team and curriculum leads will be subject to a section 128 check.

All registered Governors and Proprietors of the R.E.A.L Independent School will be subject to an enhanced DBS check and added to the single central register.

An accompanying policy outlines our safer recruitment commitments in full detail, including all procedures and practice for recruitment.

Records of Issues and Incidents

The young person at the centre of any safeguarding issue has a need for confidentiality. Therefore, R.E.A.L. Independent School has a need for security to ensure this confidentiality. However, this is not absolute confidentiality, and all records should be available for inspection by any investigating body.

All safeguarding incidents will be recorded using an agreed format and will be stored securely in a separate pupil safeguarding file. However, where concerns are raised and recorded but do not meet thresholds for referrals to relevant agencies, information will be stored on the pupils central file.

Sharing of Information with R.E.A.L. Independent School

No one will make decisions within the R.E.A.L. Independent School about safeguarding issues on their own. The only decision to make is whether to refer the matter on to an investigating body. This decision will normally be made through discussion between the staff member with concerns and the Designated Safeguarding Officer.

Relationships with Parents

R.E.A.L. Independent School wishes to preserve its good relationships with the parents of the young people associated with it, both as service users and volunteers. However, the first principle on which R.E.A.L.'s work is based is that the welfare of the young person is paramount. Consequently, R.E.A.L. will consult and confer with parents of the young person involved in Safeguarding issues openly and honestly, except in circumstances where the young person's welfare may be harmed by doing so.

Emergency Contacts

REAL Independent School will ensure that it has at least two different emergency contacts for every learner on the school roll and those working in REAL Education. These will be used in case of emergency or in case there are welfare issues at home.

Maintaining High Standards

R.E.A.L. Independent School places people in positions of responsibility for young people. Consequently, R.E.A.L. seeks to do all that is reasonable to ensure the good character of all employed in delivering its services, including volunteers, and the safety of young people. Therefore recruitment and induction procedures are necessarily robust and all staff and key volunteers undertake an enhanced DBS check. R.E.A.L. recognises however that these checks are not a guarantee that the checked person's behaviour will always continue to be appropriate. All staff are responsible for maintaining high standards of behaviour when engaged in R.E.A.L.'s provision and are encouraged to raise their own concerns of others' inappropriate behaviour with the Safeguarding Coordinator. All staff will wear photographic identification whilst engaged in the work of R.E.A.L. and this will include details of their DBS certificate should it be requested by external parties. We maintain a single central register with all necessary details which is updated, monitored and reviewed.

Reporting of Attendance

Any non-attendance will be reported within half an hour of the start of a session. R.E.A.L. Independent School support 'first day response' calls where required. The appropriate Learning Manager will contact the parents/carers if they can't make contact by 12pm, or 3pm (if an afternoon only session) on the day of absence and they will pass their concerns onto the Designated Safeguarding Officer.

Learners Absconding from Education

If a learner is suspected of leaving a R.E.A.L Independent School site, REAL Learning Hub, or community venue without permission:

- The member of staff will alert the relevant Learning Manager. If the Learning Manager is not available then the central office so they are able to inform the relevant Designated Safeguarding Officer (DSO) .

- If the child appears to be missing but there is no evidence that he / she has left the site, a quick but thorough search of the site should then be conducted. If at a community venue, inform the relevant manager to ensure all areas have been checked.
- If there is no doubt that the pupil has absconded, the Learning Manager, or DSO will contact the pupil's parent/carer/care home to inform them. If parents/carers have the learner mobile they will attempt to contact them to find out where they are. If this is not successful a decision will be made about phoning the police. It is the responsibility of the last person who saw the learner to phone the police. The DSO, or Learning Manager will give the staff member advice and support with this if required.
- The Learning Manager, or DSO, should then inform the relevant commissioner for the pupil and inform them of the procedures being followed. Other professionals may be involved in the care of the pupil (such as Children's Social Care, or Residential Social Care staff), and they too should be informed of the incident at the earliest possible point.
- Staff to follow the pupil (if safe to do so, or they are in sight) at a safe distance and to keep the Learning Manager informed. Where possible, the member of staff following the student should remain in contact with the Learning Manager, or DSO, via a mobile phone. The Learning Manager, or DSO, will then, if appropriate, allocate further staff members to go and collect the learner and return them to a safe and agreed location. Staff should not run after the learner as this can cause anxiety levels for the learner to rise and may result in a more dangerous situation.
- If relevant and with authorisation from the Learning Manager or DSO, staff to support further searches of known places the learner would visit.
- It is important that following an incident the issues that arise are addressed and the Learning Manager should: Review the individual risk assessment for the learner involved. Where appropriate, talk through the incident with the learner and parents/carers involved. Ensure that a record is kept of the discussion held with the learner in their running records. Complete a significant incident form (a copy of which should be placed in the learner's central file). Keep all colleagues informed and discuss the incident in curriculum planning meetings and/or in support and supervision. Review procedures for the individual every half term to ensure appropriate control measures are in place and that all staff are fully informed.

Where learners have been absent for a prolonged period of time they will not be taken off roll without written confirmation from the receiving school or an officer from the relevant Local Authority (to include Social Care).

Alternative Provisions

REAL Independent School understands the importance of ensuring that learners who access alternative provision are safeguarded as well as they are when attending school led provisions. We will ensure that we obtain a written statement from each of our providers that states that they have completed all the necessary vetting and barring checks on their staff. In addition to this, REAL Independent School will ensure it completes at least annual visits to all alternative providers to ensure they meet our high standards of safeguarding.

Safeguarding of young people with SEND

Almost all learners on roll of R.E.A.L Independent School have an Education, Health and Care plan (EHCP) or some form of special educational need and disability (SEND). It is recognised that additional barriers can exist with this group of learners when recognising abuse and neglect. These barriers can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- the potential for children with SEND and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barrier

R.E.A.L Independent School recognises these as potential barriers and takes them into account when dealing with potential safeguarding issues. Our knowledge of the learner's individual needs, and our relationships with learners, are paramount to any issue we deal with and inform our practice at all times.

Support for Staff and Volunteers Involved in Safeguarding Issues

R.E.A.L. Independent School recognises that safeguarding issues are likely to be stressful for all staff involved and will seek to provide a reasonable and appropriate level of support. If any members of staff are cited in any way as part of an incident they will be removed from the situation immediately.

If any members of staff have concerns about anything that could be a safeguarding issue, they will talk to their line manager, or anyone who is responsible for managing the education program of the young person. All concerns will be recorded using the agreed school format.

Training for Staff, Volunteers and Governors

All staff and volunteers have a probationary period (this is not applicable to Governors) in which they will receive training and guidance, support and supervision. It will be the responsibility of the management to ensure that staff and volunteers successfully complete their probationary period. If there is any doubt as to the ability (or suitability) of the volunteer or staff member, a further probationary period may be applied or other measures taken.

Training will be given on:

- The duty of care - including the duty to report any abuse discovered or suspected (as well as statutory duties) .
- Training on what constitutes abuse and how to recognise it.
- The procedural approach of how and to whom to report abuse if discovered or suspected.
- Contact information for appropriate persons, whom staff and volunteers can approach if they know or suspect that an abuser may be a member of R.E.A.L.
- Knowledge and understanding of what happens when abuse is reported.
- Guidance on supporting distressed young people.
- Prevent Strategies
- Child Sexual Exploitation (CSE), Female Genital Mutilation (FGM) and all other national guidance as cited in 'Keeping Children Safe in Education', Part One.
- E-safety

Supervision of Young People

The young people in R.E.A.L. Independent School's care will be properly supervised at all times and R.E.A.L. will ensure that there is an appropriate level of male and female staff cover if working with a mixed gender group.

Use of reasonable force

REAL Independent School operates a practice of de-escalation rather than use of reasonable force when dealing with the behaviour of learners. Wherever possible, use of reasonable force is avoided and is only used as a last resort if it:

- a) Prevents someone from committing a criminal offence
- b) Prevents personal injury or property damage of the young person, staff member or member of the public
- c) Prejudices the maintenance of good order and discipline at the school.

(Please see the Policy for the Management of behaviour for further details)

Visitor Policy

R.E.A.L Independent School and REAL Education as a whole operate from a variety of sites across a variety of locations. Some sites are within the community and are accessed by members of the public. R.E.A.L. staff will wear their identification badges at all times and ensure the safety of their learner.

Any visitors to a R.E.A.L Independent School or REAL Education site will report to reception in all cases where they will state the purpose for their visit, who they have been invited by, and will be required to sign in. Visitors will not be left unsupervised at any time whilst on site, and will be required to wear their identification badge. R.E.A.L staff members will challenge any unknown adult, without identification, without exception.

When parents visit the young person's Learning Manager will accompany them at all times and introduce them to members of staff so they are identified and the purpose of their visit stated. This is to ensure a warm and welcoming visit.

Dealing with disclosure

This is a quick reference guide to working with young people under the Safeguarding Principles

1. An open and honest disclosure of abuse by a young person to a member of staff is an indication of the high level of esteem and trust that the young person has for the member of staff. Staff should reciprocate that respect by supporting the young person appropriately.
2. Any allegation of any form of abuse by a young person must be taken seriously. This can also include any allegations made by a learner against another learner.
3. As soon as you have a Safeguarding concern:
 - Do not question the young person - just listen.
 - Do not promise confidentiality; explain your responsibilities.
 - Do not use leading questions.
 - Do not stop a young person who is freely recalling significant events.
 - Do not ask the young person to repeat their story to a colleague.
 - Do not ask the young person to write their story down.
 - Do not conduct your own investigation into any incident .
 - Do not make statements to any media or any member of the public.
 - Keep control; the young person will be depending on you.
 - Keep an open mind.
 - Respond to the young person's emotional state appropriately.
 - Beware of your own interpretation of what you hear.
 - If the child is in immediate danger all staff **MUST** take emergency action
 - Contact the Learning Manager / Provision Manager who will then contact Designated Safeguarding Officer to discuss the disclosure and take further advice.
 - As soon as possible record information including times and those in attendance, as well as what was said.
 - Record all subsequent events up to the time of Police or children's Social Care intervention in your own handwriting. Sign and date each page.
 - Support the young person's feelings and manage your own, or seek support if you require it.
 - All external enquiries (from media or public) must be directed towards the Designated Safeguarding Officer, who will in turn seek advice from the Strategic Safeguarding Coordinator

Follow this simple checklist for student safeguarding, talk to the professional services, make sure R.E.A.L. Independent School is informed and a detailed log of events is kept as described above.

By following these guidelines, be assured that what you do is right and you are following the best procedure for supporting the young person.

As an organisation we fully understand the trauma involved in dealing with disclosure. Discuss any personal needs initially with the Learning Manager / your Line Manager / or the Designated Safeguarding co-ordinator and make any arrangements for further support you may have. Do not feel isolated in these matters.

Guidance information for allegations made against a member of staff or volunteer

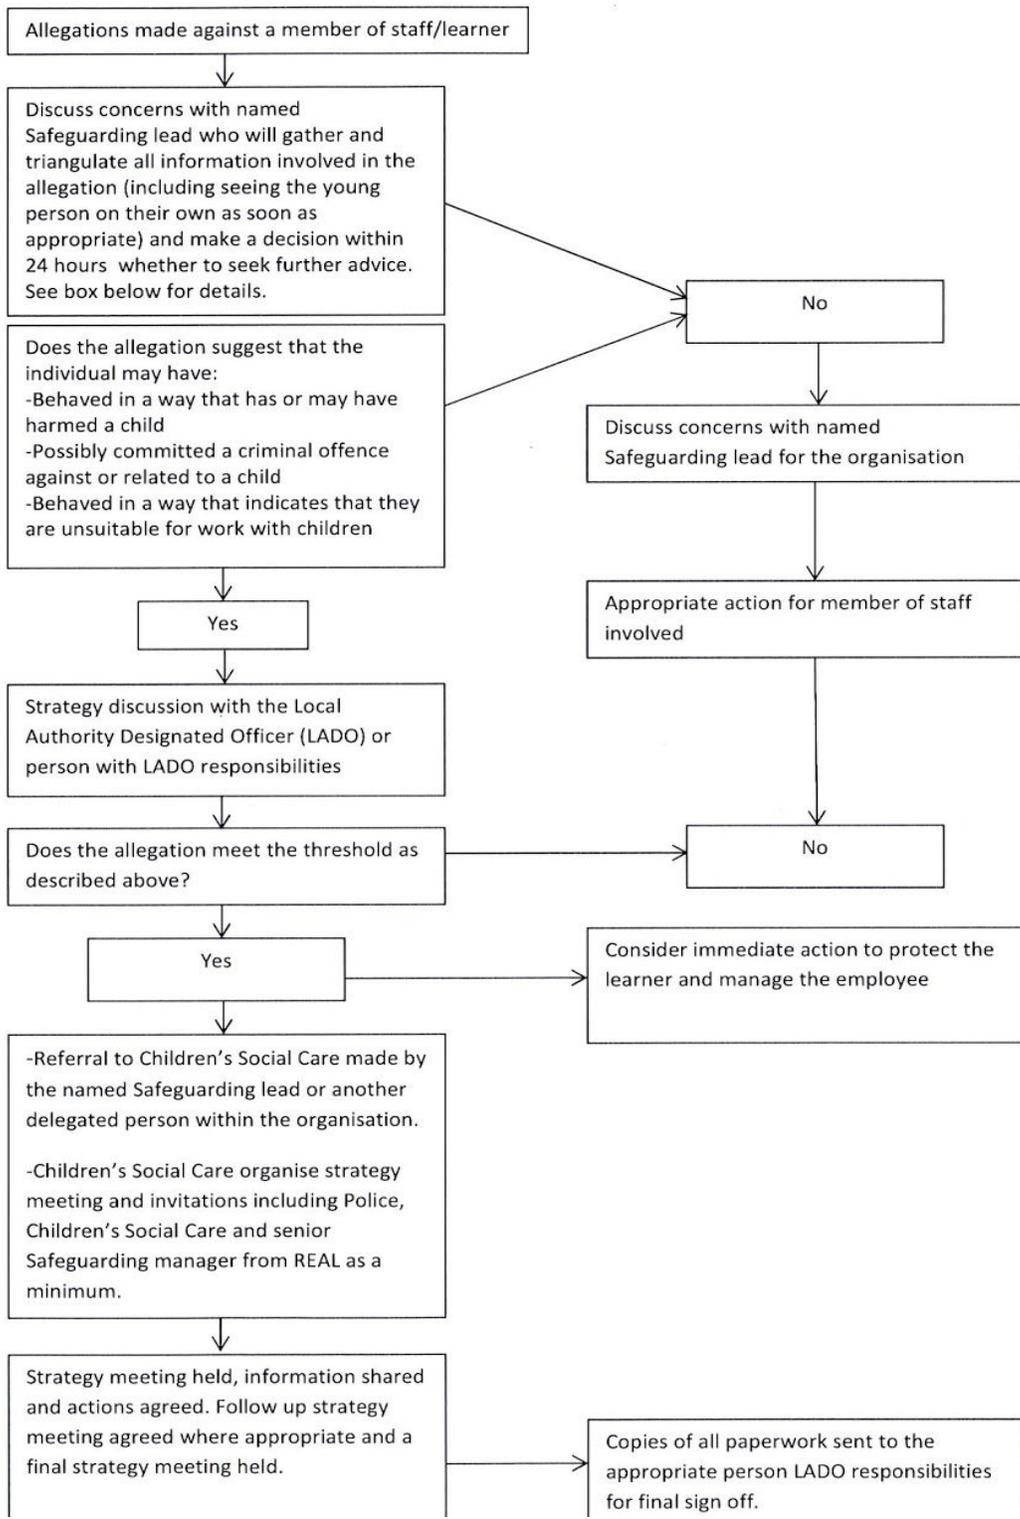

There are strict local authority procedures around the management of allegations made against a member of staff or volunteer working for an organisation. So that allegations made against a member of staff are dealt with objectively and without prejudice, the local authority enforces that any allegation against a member of staff within an organisation must then be discussed with the Local Authority Designated Officer (LADO). Following any formal referral to the LADO a decision will be taken in collaboration with them to inform Ofsted.

Allegations against Proprietors

The proprietors of REAL Independent School are the REAL Foundation Trust. Our Designated Safeguarding lead and Deputy leads are all 'suitable people' who are sufficiently independent from the members of The Foundation Trust. This means that, in the event of a member of the Foundation Trust or one of the Directors of REAL having an allegation made against them, the DSL and deputy DSL are sufficiently qualified and independent to investigate fully, with support from the LADO if necessary.

Managing an allegation made against a member of staff / another learner

Guidance information for staff and volunteers

Categories of young person abuse—definitions to support your work

It is accepted that any definition has its limitations in terms of accuracy and relevance. Bearing this in mind, the following definitions are offered to help our understanding.

Neglect

Neglect is the persistent failure to meet a young person's basic physical and/or psychological needs, likely to result in the serious impairment of the young person's health or development. It may involve a parent or carer failing to provide adequate food, shelter and clothing, failing to protect the young person from physical harm or danger, or the failure to ensure access to appropriate medical aid or treatment. It may also include neglect of, or unresponsiveness to, a young person's basic emotional needs.

Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a young person. Physical harm may also be

caused when a parent or carer feigns the symptoms of, or deliberately causes ill health to a young person whom they are looking after. This is commonly described using terms such as induced/fabricated illness by carer or Munchausen's Syndrome by Proxy or more recently "facilitated illness".

Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, whether or not the young person is aware of what is happening. The activities may involve physical contact, including penetrative or non-penetrative acts. They may include non contact activities such as involving a young person looking at, or in the production of pornographic material, or watching sexual activities, or encouraging a young person to behave in sexually inappropriate ways.

Emotional Abuse

Emotional abuse is the persistent emotional ill treatment of a young person such as to cause severe and persistent adverse effects on the young person's emotional development. It may involve conveying to a young person that they are worthless or unloved, inadequate or valued only in so far as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on a young person. It may involve causing a young person frequently to feel frightened or in danger, or the exploitation or corruption of a young person. Some level of emotional abuse is involved in all types of ill treatment of a young person, though it may occur alone.

Contextual Safeguarding

REAL Independent School operates over a wide area of the East Midlands. We understand the importance of keeping up-to-date with safeguarding issues experienced within each of the localities we work in. When assessing the needs of our learners, we take into account their social circle out of school and the potential issues they face after hours. Where they live in areas of high concern, we liaise closely with parents/carers and try to ensure that our PSHE curriculum targets these issues. In addition, we liaise closely with other agencies when we are concerned about out of hours activities.

Peer on Peer abuse

REAL Independent School understands that peer-on-peer abuse includes bullying, physical

abuse, sexual violence and sexual harassment, sexting, and so-called initiation ceremonies. Peer on peer abuse is discussed in staff induction safeguarding and during our safeguarding up-date training and staff are told how the school will deal with it. Our policy for the management of behaviour includes detailed information on how REAL Independent school deals with these particular issues, how the risk of peer-on-peer abuse is going to be minimised, how these incidents are recorded, investigated and dealt with, how the victims, and perpetrators, are to be supported. We understand that this type of abuse should always be treated seriously, and never just as banter or part of growing up.

Child Sexual Exploitation

The sexual exploitation of children and young people (CSE) under-18 is defined as that which:

‘involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive ‘something’ (e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities.

Child sexual exploitation can occur through the use of technology without the child’s immediate recognition; for example being persuaded to post sexual images on the Internet/mobile phones without immediate payment or gain. In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young person’s limited availability of choice resulting from their social/economic and/or emotional vulnerability.’ (Department for Education, 2012)

Child sexual exploitation is a form of abuse which involves children (male and female, of different ethnic origins and of different ages) receiving something in exchange for sexual activity. Schools are well placed to prevent, identify and respond to children at risk of sexual exploitation.

Who is at risk?

Child sexual exploitation can happen to any young person from any background. Although the research suggests that the females are more vulnerable to CSE, boys and young men are also victims of this type of abuse.

The characteristics common to all victims of CSE are not those of age, ethnicity or gender, rather their powerlessness and vulnerability. Victims often do not recognise that they are being

exploited because they will have been groomed by their abuser(s). As a result, victims do not make informed choices to enter into, or remain involved in, sexually exploitative situations but do so from coercion, enticement, manipulation or fear. Sexual exploitation can happen face to face and it can happen online. It can also occur between young people.

In all its forms, CSE is child abuse and should be treated as a child safeguarding issue.

Child Criminal Exploitation (County Lines)

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. REAL Independent School realises that the key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism⁹⁵ will be considered.

Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;

Female Genital Mutilation (FGM)

The World Health Organisation defines FGM as “all procedures (not operations) which involve partial or total removal of the external female genitalia or injury to the female genital organs whether for cultural or other non-therapeutic reasons” (1996).

It is illegal in the UK to subject a child to FGM or to take a child abroad to undergo FGM. A child for whom FGM is planned is at risk of significant harm through physical abuse and emotional abuse, which is categorised by some also as sexual abuse. Despite the harm it causes, many women from FGM practising communities consider FGM normal to protect their cultural identity. Although FGM is practiced by secular communities it is most often claimed to be carried out in accordance with religious beliefs. However, neither the Bible nor the Koran supports the practice of FGM. In addition to giving religious reasons for subjecting girls to FGM adults may say that they are acting in a child's best interests because it: - Brings status and respect to the girl. - Preserves a girl's virginity / chastity. - Is a right of passage. - Gives a girl social acceptance especially for marriage. - Upholds the family honour. - Helps girls and women to be

clean and hygienic.

The age at which girls are subjected to FGM varies greatly, from shortly after birth to any time up to adulthood. The average age is 10-12 years. Health implications can range from severe pain and emotional/psychological trauma to, in some cases, death.

Therefore, it is our duty as an educational provider to ensure that:

- Staff and managers have an awareness of FGM and understand the signs indicating that a girl has undergone FGM or is at risk of this practice.
- Follow Local Authority procedures when a girl is at risk of or is suspected to have undergone FGM. These procedures include a referral to the relevant local authority social care (following local procedures) and reporting to the police when known cases have occurred with girls under the age of 18.

Preventing Radicalisation

Preventing violent extremism by countering the ideology of extremism and by identifying those who are being drawn into radicalism has for some time formed part of our approach to safeguarding. The Counter-terrorism and Security Act 2015 now imposes a duty on a wide range of bodies including all schools. Compliance will be monitored through various inspection regimes such as Ofsted.

Our practice in this area is taken from the revised Prevent Duty Guidance. As an education provider, we are expected to:

- assess the risk of children being drawn into terrorism and have clear procedures in place for protecting children at risk of radicalisation.
- Work in partnership with our commissioning local authority by ensuring our safeguarding arrangements take into account the policies and procedures of the relevant local authority Safeguarding Children's Board
- Work in partnership with parents/carers by ensuring effective engagement with them when concerns are raised about their children.
- Ensure staff are trained to identify children at risk of being drawn into terrorism and challenge extreme ideas.

- Ensure that children are safe from terrorist and extremist material when accessing the internet in schools.
- Understand when it is appropriate to make a referral to the Channel Programme, the panel that reviews and refers individuals to programmes that challenge extremist ideology

Youth Produced Sexual Imagery

Youth produced sexual imagery is the definition R.E.A.L Independent School use for the activities usually known as sexting. These activities are those covered by the *'the sending or posting of sexually suggestive images, including nude or semi nude photographs via mobiles or via the internet'*

Imagery and images cover photographs and moving images, sent by young people, images they, or another young person may have created.

The law states that the making, possessing and and distributing any imagery of someone under 18 which is indecent is illegal, and this includes imagery of yourself.

However, R.E.A.L Independent School do not want to criminalise young people, and certain incidents can be treated as a safeguarding issue but only in very specific circumstances.

An immediate referral to the police and/or Children's' Social Care will be made if:

1. The incident involves an adult
2. There is reason to believe that a young person has been coerced, blackmailed or groomed, or concerns about their capacity to give informed consent
3. What you know about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental and/or cognitive age
4. The imagery involves sexual acts and any young person under the age of 13
5. There is reason to believe a learner is at immediate risk of harm owing to the sharing of the imagery e.g presents as suicidal, or is self-harming

Where a referral is not made, the following risks will be considered when treating the incident as a safeguarding concern, and, dependent on the outcome, a referral may still be made:

1. Why was the imagery shared? Was the young person coerced or put under pressure to produce the imagery?
2. Who has shared the imagery? Where has the imagery been shared? Was it

- shared/received with the knowledge of the pupil in the imagery?
3. Are there any adults involved in the sharing of the imagery?
 4. What was the impact on the pupils involved?
 5. Do the pupils involved have additional vulnerabilities?
 6. Does the young person understand consent?
 7. Has the young person taken part in this kind of activity before?

The youth produced imagery should not be viewed by adults, unless:

- Is the only way to make a decision about whether to involve other agencies
- Is necessary to report the image to the web site, app or suitable reporting agency to have it removed or to support the young person in making a report
- It is unavoidable because the young person has presented the image, or it has been found on the school network.

If the imagery is to be viewed these points will be followed:

Do's

- ✓ Discuss the decision with the headteacher
- ✓ Ensure that the viewing takes place with another member of the safeguarding team
- ✓ Ensure viewing takes place on the school premises
- ✓ Ensure viewing is done by a member of the same sex
- ✓ Record the viewing of the imagery in the schools safeguarding records

Don'ts

- x Never print, copy or share the imagery
- x View unnecessarily
- x Put the child at further risk
- x Allow other people than the DSL to view the imagery

All decisions taken will be recorded in a running log, and any viewing of imagery for the reasons above will be recorded as a safeguarding, and e-safety incident and will follow the procedures for the reporting of such incidents.

Managing Incidents of Self Harm

Introduction

It is widely recognised that self-harm among children and young people is a major concern, with some evidence that the rates are higher in the United Kingdom than the rest of Europe. Self-harm is often an indicator of emotional distress and can be a sign of mental health problems.

Purpose

The purpose of this guidance, which sits within the REAL Independent School Safeguarding Policy, is to provide additional support for staff working with children and young people who are either self-harming or at risk of self-harm or suicide. Real Independent School aims to provide a non judgemental, consistent and caring response to all incidents. Our aim is to support staff to feel confident and informed in order to appropriately support children and young people. Staff should know who to consult with and possible referral pathways.

What is self harm

Self-harm is where someone does something to deliberately hurt him or herself. This non exhaustive list may include behaviours such as cutting, scratching, tying something around body, inserting things into the body, hitting or punching self, pulling out hair, over/under eating, burning or scalding themselves, hitting head, self strangulation, taking non prescription drugs, overdosing or self poisoning.

Signs and Symptoms

Signs and symptoms are sometimes absent or easy to miss. It is not uncommon for individuals who self-harm to offer stories which seem implausible or which may explain one, but not all, physical signs. If a pupil says they are not self-harming or evades the question, you can keep the door open by reminding them that you are always available to talk about anything, should they so wish. Try to stay connected to the pupil and look for other opportunities to ask, particularly if there are continuing signs that your suspicion is correct.

Guidance for managing incidents of self harm

- Do find out about potential triggers and what to look for where there is a history of self harm.
- Do remain calm and find somewhere private to talk.

- Don't promise absolute confidentiality.
- Do provide or seek medical first aid if necessary.
- Do think about managing contagion and keeping the environment safe for other vulnerable children and young people.
- Do check the individual risk assessment and care plan if available to ensure that identified controls can be put in place.
- Do speak to the child's Learning Manager and/ or DSL to assess risk, and think about protective factors. This will include a discussion around intent for each individual incident.

Pathway planning:

High Level Risk Incident - seek medical / police assistance if there is an immediate risk to life; contact crisis team and share information with parents/carers.

Medium Level Risk Incident - think about what support / protective factors are already in place. Encourage and empower self management. Consider referral to in house counselling or CAMHS. Alternatively, make a referral to Early Help or The Healthy Families Service with the learner consent.

Low Level Risk Incident - Do some work with learner to build resilience and self esteem. Consider alternative strategies for managing self harm and alternative coping strategies.

Recording of Incidents

Do record every incident, in a timely manner, on Safeguarding concern log and or Significant Incident Report.

Seeking Support

REAL Education are committed to ensuring the welfare of staff to ensure that they are able to effectively manage the needs of complex children and young people. Please do look after yourself and access support from your Line Manager or Designated Safeguarding Leads. Please keep up to date by attending staff briefings and training around self harm and suicide prevention.

Student Safeguarding Statement to Learners

The safety of all children and young people is paramount and all staff will listen to every concern and disclosure with sensitivity and respect and take what is said seriously.

R.E.A.L. Independent School needs to make sure that it does “the right thing” for learners who disclose abuse, so if what is said to any R.E.A.L. staff member makes them concerned then they will need to discuss your concern or disclosure so that decisions can be made about what to do next. You will be fully informed about any decisions that are made.

Children’s Social Care or the Police may then start their investigation and they may want to talk to you or other people involved. In these matters, your safety is paramount, so you can be sure that they will only do what is right and proper.

If any member of staff believe you are in immediate danger they will contact the relevant emergency service (e.g Police, Ambulance) so help can be sought straight away.

Student Safeguarding Statement to Parents/Carers

The safety of all children and young people is paramount and all staff will listen to every concern and disclosure with sensitivity and respect and take what is said seriously.

R.E.A.L. Independent School needs to make sure that it does ‘the right thing’ for learners who disclose abuse, so if what is said to any R.E.A.L. staff member makes them concerned then they will need to discuss the learners concern or disclosure so that decisions can be made about what to do next. The learner will be fully informed about any decisions that are made.

Children’s Social Care and the Police may start an investigation and they may want to talk to you or other people involved. In these matters, the safety of all children and young people is paramount, so parents / carers can be sure that they will only do what is right and proper.

If any member of staff thinks that a learner is in immediate danger, emergency help (e.g Police, Ambulance) will be sought straight away.

Student Safeguarding Statement to Commissioners

The safety of all children and young people is paramount and all staff will listen to every concern and disclosure with sensitivity and respect and take what is said seriously. All learners will be taught to keep themselves safe using a cross curricular approach throughout each academic year.

R.E.A.L. Independent School needs to make sure that it does 'the right thing' for learners who disclose abuse, so if what is said to any R.E.A.L. staff member makes them concerned then they will need to discuss the learners concern or disclosure so that decisions can be made about what to do next. The learner will be fully informed about any decisions that are made.

Commissioners will be kept fully informed and all concerns will be properly recorded and stored and all information will be shared appropriately.

Children's Social Care and the Police may start an investigation and they may want to talk to commissioners or other people involved. In these matters, the safety of all children and young people is paramount, so commissioners can be sure that they will only do what is right and proper.

If any member of staff thinks that a learner is in immediate danger, emergency help (e.g Police, Ambulance) will be sought straight away.

Implementation of the policy: Review and Quality Assurance

The leadership team and governors are responsible for ensuring that this policy is displayed on the school's website and that it is overseen to ensure it is implemented fully. They review its content on an annual basis, or sooner if legislation requires.. The Head Teacher reports on Safeguarding activity and progress within the School to the Governing Body. The Head teacher also completes any Local Authority Safeguarding Audits received and these are used to report on Safeguarding activity, progress and developments. A copy of the audits are submitted to the CPM for Schools / Education settings at the appropriate local authority. The designated safeguarding governor reviews the effectiveness of safeguarding arrangements on a termly basis and provides detailed reports for the full governing body. These reports also contain recommendations for further development if necessary.

Please Note:

This policy links directly to other relevant policies:

- Whistleblowing
- Countering bullying
- Recruitment: policy, procedure and practice
- Policy for the management of behaviour including physical intervention
- E-safety (includes details on the monitoring and reporting of breaches in internet safety)
- Prevent Policy
- Equality Policy
- The General Data Protection Regulations Policy

This policy should also be read with the Practice Guidance :

Keeping Children Safe in Education - 2018

“Working Together to Safeguard Children - 2018”

The Prevent Duty - 2015

Female Genital Mutilation National Guidance - 2015

DfE School Attendance - 2015

DfE Children Missing Education - 2015

DfE Children Missing from Home and Care - 2015

DfE Promoting Fundamental British Values as part of SMSC in Schools - 2014

This policy should be used in conjunction with local authority guidance, web links shown in the table shown previously in the Child Protection section.

This policy will be reviewed on an a minimum of an annual basis by the forum of R.E.A.L Independent School, REAL Alternative provision school and REAL Education Designated Safeguarding Leads and and ratified by the board of Governors

It will be reviewed in line with any lessons learnt through safeguarding audits including termly 'learning walks'. This process informs the quality assurance of this policy.

Revision history:

03/08/18 - Insert of guidance on *managing incidents of self harm*, and reviewed in line with the KCSiE 2018 recommendations and guidance, including GDPR.

04/11/18 - Insert of youth produced sexual imagery processes
